

Election Voter Registration Information

As a citizen of the United States, you have the privilege to vote on your county, state and national leaders. As part of the Higher Education Act of 1998, Congress directed schools receiving Federal financial aid to assist students who have not yet registered to vote. In essence, if a Title IV (Federal Student Aid) participating school is located in a state that requires voter registration prior to election day and/or does not allow the ability to register at the time of voting, then the school must make a good faith effort to distribute voter registration forms to its federal student aid eligible students

To meet this requirements, federal student aid recipients attending Calumet College of St. Joseph will receive an annual reminder via email of the following ways to complete voter registration:

- To register to vote in the state of Indiana using the online application, visit [Indiana Secretary of State](#) or [Election Assistance Commission](#).
- To download and print the form you will need **Adobe® Acrobat Reader®**.
- Voter registration forms are available in the Quentin P. Smith Student Lounge, Room 157 Monday – Friday 9am-5pm.

To successfully register to vote, it is important that the voter registration application be filled out completely postmarked (or hand delivered to your county voter registration office) no later than 29 days before the next election.
