

# Connecting to the CCSJ secure wireless network with Windows 7

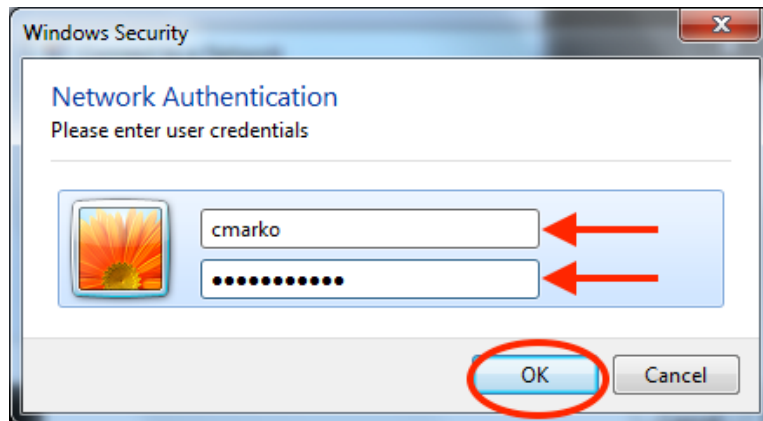

1. At the bottom-right of your desktop, **click** the Wi-Fi symbol

2. **Click** on 'CCSJ Secure', **make sure** 'Connect automatically' is checked then **click** 'Connect'

3. Enter your CCSJ network/email credentials in the popup dialog then click 'OK'

4. You will receive a 'Windows Security Alert' stating that the connection attempt could not be completed. Click the 'Connect' button by bypass this message and connect anyway

5. You will now be connected to the 'CCSJ Secure' wireless network

You will not have to enter login credentials until you change your password. If you have any problems connecting to the CCSJ Secure wireless network, please contact the Computer Services Help Desk:
