Class Policy for Assignments:

Due dates are posted on the syllabus. *Late submission of homework for any reason will result in a deduction of up to one letter grade per week from the work.* The rationale for this policy is that if every student were given an extra week or two to submit an assignment, they too might be able to achieve an “A” grade. It is not fair to your peers that any one of you be given extra time based on subjective reasons or decision-making. The instructor will not accept late work unless the students make prior arrangements with the instructor.

Students must contact the instructor if they will miss a class session ASAP.

Students who miss more than four hours of class will be withdrawn and have to take and pay for the course again.
