Responsibilities					
	-				
Attending Class	You cannot succeed in this class if you do not attend. We believe that intellectual growth and success in higher education occur through interaction in the classroom and laboratories. However, we do not want to penalize students for participating in college-sponsored events. When you miss class because of a college event, you must give notice of your absence in advance, and you are responsible for all missed work. Being absent doesn't excuse you from doing class work; you have more responsibilities to keep up and meet the objectives of this course.				
	<i>Eighty percent of success is showing up.</i> -Woody Allen Attendance is important and is expected. You are responsible for all material covered in class, including announcements of assignments and quizzes. If you miss class, you must contact the instructor by email (chutton@ccsj.edu) within 24 hours. The instructor is more than willing to meet you halfway on this, but remember that there are TWO halves. If you are more than 15 minutes late to class, that will count as an absence. BE PRESENT, BE ON TIME.				
Turning In Your Work	You cannot succeed in this class if you do not turn in all your work on the day it is due.				
	Late homework is not accepted for any reason, under any circumstances. If you are absent on the day that work is due on paper, please scan it and email it to the instructor.				
Meeting Standards for Classroom Behavior	 Use all the class time. Come to class on time and stay in class until the end. Coming late, leaving early, and getting up during class disrupts the class and disrespects others. Come prepared. Bring your texts, be prepared to take notes, and be able to demonstrate that you have completed the assignments for the day through your participation in class. Respect others. Listen when your classmates and the instructor are speaking. Think about their contributions. Respond appropriately. Use electronic devices only for class purposes. Engage with your classmates and the instructor without technological distractions. 				

CCSJ Student Honor	This course asks students to reaffirm the CCSJ Student Honor Code:				
Code	 I, as a student member of the Calumet College academic community, in accordance with the college's mission and in a spirit of mutual respect, pledge to: Continuously embrace honesty and curiosity in the pursuit of my educational goals; Avoid all behaviors that could impede or distract from the academic progress of myself or other members of my community; Do my own work with integrity at all times, in accordance with syllabi, and without giving or receiving inappropriate aid; Do my utmost to act with commitment, inside and outside of class, to the goals and mission of Calumet College of St. Joseph. 				
Using Electronic	Electronic devices are out of place in the classroom. Please keep them				
Devices	silent and put away during class. Additionally, NO ELECTRONIC DEVICES OF ANY KIND ARE TO BE USED ON QUIZZES OR EXAMS.				
Participating in Class	Tests and In Class Assignments:				
	 Tests and In Class Assignments: Four chapter tests will be given during the term and one comprehensive final exam during exam week. You will be allowed to use one piece of paper (8 ½ x 11), one side only, of notes on your chapter tests. You will be allowed to use one piece of paper (8 ½ x 11), bot sides, of notes on your final exam. You will be allowed to use a calculator on all exams. You will be allowed to use any electronic devices on an exam (i.e. phone, tablet, etc.). Please note that you MUST pass your exams to pass this course. You are allowed to drop your lowest chapter test score (NOT final exam). There are absolutely NO makeup exams, for any reason so if you are absent on the day of an exam, that will be your dropped score. If you know of a planned absence in advance, you can take the exam BEFORE the scheduled exam date. In class assignments cannot be made up, but your two lowest scores will be dropped. In class assignments will not be announced ahead of time. 				
	written homework and IXL homework are meant to serve as practice for the exams.				

	 Your written homework should be neat and organized. Problems should be copied from the book and all necessary work should be shown. Answers without work will not be given credit. All written homework from the textbook will be due when you take your exams. NO LATE HOMEWORK will be accepted, for any reason, period. You are welcome to turn it in early, but never late. 				
Doing Your Own	If you turn in work that is not your own, you will be subject to judicial				
Work	review by the Faculty-Student Grievance Committee. These procedures can				
	be found in the Student Planner. The maximum penalty for any form of				
	academic disnonesty is dismissal from the College.				
	Using standard citation guidelines to document sources avoids plagiarism.				
	You'll find guides to the major citation methods at the CCSJ Specker				
	Library Web page at				
	http://www.ccsj.edu/library/subjectsplus/subjects/guide.php?subject=cite				
	PLEASE NOTE: All papers may be electronically checked for plagiarism				
Withdrawing from	After the last day established for class changes has nassed (see the				
Class	College calendar), you may withdraw from a course by following the				
	policy outlined in the CCSJ Course Catalog.				
Tracking Your	Your midterm grade will be available on MyCCSJ between Weeks 6 and				
Progress	8. Be sure to see how you're doing and follow up with your instructor.				
Sharing Your Class	Your voice matters! At the end of the term, you will have the opportunity to				
Experience	evaluate your classroom experience. These confidential surveys are				
	essential to our ongoing efforts to ensure that you have a great experience				
	that leaves you well prepared for your future. Take the time to complete				
	your course evaluations – we value your feedback!
