## COURSE SYLLABUS

Term: Spring 2016

### **MATH 103A - Intermediate Algebra**

<b>Instructor Information:</b>	
<b>Instructor Name</b>	Br. Benjamin Basile, C.P.P.S.
<b>Office Number:</b>	303
<b>Phone Number:</b>	219-473-4280
<b>Email:</b>	bbasile@ccsj.edu
<b>Hours Available:</b>	M: 9-10:15 am, 3:15-4:30 pm; Tu/Th: 1:00-4:30 pm; W:(9:00-10:15 am, 1:00-1:45 pm, 3:15-4:30pm. Other times by appointment. Please note that committee meetings, etc. may make it impossible to always be available at the above times. Please call or email.
<b>Instructor Background: Member of the Precious Blood Missionaries, the religious order which founded and sponsors CCSJ; M.S. in Mathematics from the University of Notre Dame; 30 graduate hours in Education from the University of Akron; 11 years as a high school math instructor (3 as a Principal); 34 years at CCSJ in computer, as Registrar and in math (12 years as head of math).</b>	

<b>Course Information:</b>	
<b>Course Time:</b>	Tuesday and Thursday 10:15 am – 11:45 am
<b>Classroom:</b>	263
<b>Prerequisites:</b>	MATH 097 with a grade of 'C' or better, or an equivalent Accuplacer score
<b>Required Books and Materials:</b>	Lial, Hornsby, McGinnis <u>Intermediate Algebra</u> , 10 <sup>th</sup> edition, Pearson, 2014 ISBN: 9780321872180
<b>Learning Outcomes/ Competencies:</b> Through appropriate assessments students will demonstrate that they are able to: 1. <b>Remember</b> the necessary steps and procedures for manipulating, simplifying, and solving: algebraic expressions, exponents, polynomials, graphs, inequalities, absolute value, linear and quadratic expressions, systems of equations, rational expressions, and logarithms. 2. <b>Understand</b> what each procedure, manipulation, simplification, and solution means on a conceptual level.	

3. **Apply** their understanding of algebraic expressions, exponents, polynomials, graphs, inequalities, absolute value, linear and quadratic expressions, systems of equations, rational expressions, and logarithms to solve application problems.

4. **Analyze** problems in physics, economics, business, and biology to determine appropriate methods for solving them using algebra skills and concepts.

**Course Description:**

This course treats algebraic expressions, exponents, polynomials, graphing, inequalities, absolute value, linear and quadratic expressions, and systems of equations, applications, rational expressions, and logarithms.

**Learning Strategies:**

Group discussions, lecture, IXL software, and lots of practice. The objective is to promote your understanding of mathematics concepts and to enable you to apply them in a meaningful way. You are encouraged to rely on logical thinking, rather than on memorization. It is VERY important that you READ the sections of the textbook, STUDY the examples and WORK problems. **Active participation in class** and utilization of services such as the CCSJ Student Success Center will help ensure your success.

It is also suggested that you utilize Khan Academy for additional help on homework outside of the classroom.

<http://www.khanacademy.org/math/algebra>

**Experiential Learning Opportunities:**

Application problems will be used in each chapter of the course.

<b>Assessments:</b>		
<b>Exams</b>	Four chapter exams (R-2, 3-5, 6-8, 9-10)	40% of grade
<b>Cumulative Final Exam:</b>	Chapter R – Chapter 10	25% of grade
<b>Textbook Homework:</b>	Assigned Weekly per schedule	15% of grade
<b>IXL Homework:</b>	Assigned Weekly per schedule	20% of grade
<b>Class Participation</b>	<p><b>Tests and Quizzes:</b></p> <ul style="list-style-type: none"> <li>• Four <u>chapter tests</u> will be given during the term and <u>one comprehensive final exam</u> during exam week.</li> <li>• You will be allowed to use one piece of paper (8 ½ x 11), one side only, of notes on your chapter tests.</li> </ul>	

- You will be allowed to use one piece of paper (8 ½ x 11), both sides, of notes on your final exam.
- You will be allowed to use a calculator on all exams.
- You will NOT be allowed to use any electronic devices on an exam (i.e. phone, tablet, etc.).
- **Please note that you MUST pass your exams to pass this course.**
- Thoughtful completion of your homework should be done to practice and prepare for your exams.
- You will be allowed to drop your lowest CHAPTER EXAM score (**NOT final exam score**). If you are absent on the day of an exam, that will be your dropped exam score.
- There are **ABSOLUTELY NO make-up exams for any reason**. That is why you are allowed to drop your lowest chapter exam score. If you have an athletic competition or other important appointment, send me an electronic notice at least 48 hours in advance and you can take the exam BEFORE your absence.

**Written homework assignments and IXL homework assignments:**

- Homework is critical to your success in this course. The written homework and IXL homework are meant to serve as practice for the exams.
- Your written homework should be neat and organized. Problems should be copied from the book and all necessary work should be shown. **Answers without work will not be given credit.** All written homework from the textbook will be due when you take your exams.
- IXL homework will be due each week (see calendar for due dates). You **MUST** do at least 12 problems in each assignment, but can and should do more (before the due date) to raise your IXL homework score. **Go for 100 in each IXL section!**
- It is expected that you will spend 3 – 5 hours outside of class each week practicing math. You must practice to succeed.
- **NO LATE HOMEWORK** will be accepted, for any reason, period. You are welcome to turn it in early, but never late.

<b>Signature Assignments</b>	This General Education class will help you prepare for CCSJ's Signature Assignments, a common written and oral project that students complete in Social Justice as freshmen, Religious Studies as sophomores, and Philosophy as juniors. Signature Assignments are assessed for written communications, oral communications, and critical thinking. You must meet required scores in Religious Studies to move ahead to Philosophy, and in Philosophy to complete your General Education program.

<b>Responsibilities</b>	
<b>Attending Class</b>	<p>You cannot succeed in this class if you do not attend. We believe that intellectual growth and success in higher education occur through interaction in the classroom and laboratories. However, we do not want to penalize students for participating in college-sponsored events. When you miss class because of a college event, you must give notice of your absence in advance, and you are responsible for all missed work. Being absent doesn't excuse you from doing class work; you have <b>more</b> responsibilities to keep up and meet the objectives of this course.</p> <p style="text-align: center;"><i>Eighty percent of success is showing up.</i> -Woody Allen</p> <p>Attendance is important and is expected. You are responsible for all material covered in class, including announcements of assignments and quizzes. If you miss class, you must contact the instructor by email (<a href="mailto:bbasile@ccsj.edu">bbasile@ccsj.edu</a>) within 24 hours. The instructor is more than willing to meet you halfway on this, but remember that there are TWO halves. You are allowed to miss 2 classes, without penalty. After that, every class that you are absent from will result in a one (1) percentage point loss from your final grade. You should 'save' your two absences for emergencies. If you are more than 15 minutes late to class, that will count as an absence. <b>BE PRESENT, BE ON TIME.</b></p>
<b>Turning In Your Work</b>	You cannot succeed in this class if you do not turn in all your work on the day it is due.
<b>Using Electronic Devices</b>	Electronic devices are out of place in the classroom. Please keep them silent and put away during class. Additionally, <b>NO ELECTRONIC DEVICES OF ANY KIND ARE TO BE USED ON QUIZZES OR EXAMS.</b>
<b>Participating in Class</b>	You must be on time, stay for the whole class and speak up in a way that shows you have done the assigned work. If you are not prepared

	for class discussion, you may be asked to leave, in which case you will be marked absent.
<b>Doing Your Own Work</b>	<p>If you turn in work that is not your own, you are subject to judicial review, and these procedures can be found in the College Catalog and the Student Planner. The maximum penalty for any form of academic dishonesty is dismissal from the College.</p> <p>Using standard citation guidelines, such as MLA or APA format, to document sources avoids plagiarism. The Library has reference copies of each of these manuals, and there are brief checklists in your Student Handbook and Planner.</p> <p><b>PLEASE NOTE:</b> All papers may be electronically checked for plagiarism.</p>
<b>Withdrawing from Class</b>	After the last day established for class changes has passed (see the College calendar), you may withdraw from a course by following the policy outlined in the CCSJ Course Catalog.

<b>Resources</b>	
<b>Student Success Center:</b>	The Student Success Center provides faculty tutors at all levels to help you master specific subjects and develop effective learning skills. It is open to all students at no charge. You can contact the Student Success Center at 219 473-4287 or stop by the Library.
<b>Disability Services:</b>	Disability Services strives to meet the needs of all students by providing academic services in accordance with Americans with Disabilities Act (ADA) guidelines. If you believe that you need a “reasonable accommodation” because of a disability, contact the Disability Services Coordinator at 219-473-4349.
<b>CCSJ Alerts:</b>	<p>Calumet College of St. Joseph’s emergency communications system will tell you about emergencies, weather-related closings, or other incidents via text, email, or voice messages. Please sign up for this important service annually on the College’s website at: <a href="http://www.ccsj.edu/alerts/index.html">http://www.ccsj.edu/alerts/index.html</a>.</p> <p>In addition, you can check other media for important information, such as school closings:</p> <p><b>Internet:</b> <a href="http://www.ccsj.edu">http://www.ccsj.edu</a>  <b>Radio:</b> WAKE – 1500 AM, WGN – 720 AM, WIJE – 105.5 FM, WLS – 890 AM, WZVN – 107.1 FM, WBBM NEWS RADIO 78  <b>TV Channels:</b> 2, 5, 7, 9, 32</p>

## Emergency Procedures

### MEDICAL EMERGENCY

#### EMERGENCY ACTION

1. Call 911 and report incident.
2. Do not move the patient unless safety dictates.
3. Have someone direct emergency personnel to patient.
4. If trained: Use pressure to stop bleeding.
5. Provide basic life support as needed.

### FIRE

#### EMERGENCY ACTION

1. Pull alarm (located by EXIT doors).
2. Leave the building.
3. Call 911 from a safe distance, and give the following information:
  - Location of the fire within the building.
  - A description of the fire and how it started (if known)

### BUILDING EVACUATION

1. All building evacuations will occur when an alarm sounds and/or upon notification by security/safety personnel. **DO NOT ACTIVATE ALARM IN THE EVENT OF A BOMB THREAT.**
2. If necessary or if directed to do so by a designated emergency official, activate the building alarm.
3. When the building evacuation alarm is activated during an emergency, leave by the nearest marked exit and alert others to do the same.
4. Assist the disabled in exiting the building! Remember that the elevators are reserved for persons who are disabled. **DO NOT USE THE ELEVATORS IN CASE OF FIRE.** **DO NOT PANIC.**
5. Once outside, proceed to a clear area that is at least 500 feet away from the building. Keep streets, fire lanes, hydrant areas and walkways clear for emergency vehicles and personnel. The assembly point is the sidewalk in front of the college on New York Avenue.
6. **DO NOT RETURN** to the evacuated building unless told to do so by College official or emergency responders.

### **IF YOU HAVE A DISABILITY AND ARE UNABLE TO EVACUATE:**

Stay calm, and take steps to protect yourself. If there is a working telephone, call 911 and tell the emergency dispatcher where you are **or** where you will be moving. If you must move,

1. Move to an exterior enclosed stairwell.
2. Request persons exiting by way of the stairway to notify the Fire Department of your location.

3. As soon as practical, move onto the stairway and await emergency personnel.
4. Prepare for emergencies by learning the locations of exit corridors and enclosed stairwells. Inform professors, and/or classmates of best methods of assistance during an emergency.

#### HAZARDOUS MATERIAL SPILL/RELEASE

##### EMERGENCY ACTION

1. Call 911 and report incident.
2. Secure the area.
3. Assist the injured.
4. Evacuate if necessary.

#### TORNADO

##### EMERGENCY ACTION

1. Avoid automobiles and open areas.
2. Move to a basement or corridor.
3. Stay away from windows.
4. Do not call 911 unless you require emergency assistance.

#### SHELTER IN PLACE

##### EMERGENCY ACTION

1. Stay inside a building.
2. Seek inside shelter if outside.
3. Seal off openings to your room if possible.
4. Remain in place until you are told that it is safe to leave.

#### BOMB THREATS

##### EMERGENCY ACTION

1. Call 911 and report incident.
2. If a suspicious object is observed (e.g. a bag or package left unattended):
  - Don't touch it!
  - Evacuate the area.

#### TERRORISM AND ACTIVE SHOOTER SITUATIONS

##### EMERGENCY ACTION

1. Call 911 and report intruder.

#### RUN, HIDE OR FIGHT TIPS:

1. **Prepare** – frequent training drills to prepare the most effectively.
2. **Run and take others with you** – learn to stay in groups if possible.
3. **Leave the cellphone.**

4. **Can't run? Hide** – lock the door and lock or block the door to prevent the shooter from coming inside the room.
5. **Silence your cellphone** -- use landline phone line.
6. **Why the landline?** It allows emergency responders to know your physical location.
7. **Fight** – learn to “fight for your life” by utilizing everything you can use as a weapon.
8. **Forget about getting shot – fight!** You want to buy time to distract the shooter to allow time for emergency responders to arrive.
9. **Aim high** – attack the shooter in the upper half of the body: the face, hands, shoulder, neck.
10. **Fight as a group** – the more people come together, the better the chance to take down the shooter.
11. **Whatever you do, do something** – “react immediately” is the better option to reduce traumatic incidents.
