Calumet College of St. Joseph is a Catholic institution of higher learning dedicated to the academic, spiritual and ethical development of undergraduate and graduate students. Informed by the values of its founding religious community, the Missionaries of the Precious Blood (C.P.P.S.), the College promotes the inherent dignity of all people, social justice, an ethic of service, student empowerment, opportunity, and lifelong learning.

We are committed to the Five Pillars of a CCSJ Education: The CCSJ graduate will be Open to Growth, Intellectually Competent, Religious, Loving, and Committed to Doing Justice. This class, as outlined below, will help you to achieve those goals.

## COURSE SYLLABUS, Spring 2020

<b>Course: CHEM 311 Lecture: Organic Chemistry II</b>
---

<b>Instructor Information:</b>	
<b>Instructor Name</b>	Dr. Ahmed Lakhani
<b>Office Number:</b>	Room 512
<b>Phone Number:</b>	219-4734275
<b>Email:</b>	alakhani@ccsj.edu
<b>Office Hours:</b>	Monday 3:30 – 5:00, Tuesday 10:15 – 11:45, Wednesday 1:45 – 3:15, Thursday 3:30 – 5:00
<b>Instructor Background:</b>	B.S. in Biochemistry from University of Illinois at Urbana-Champaign. Ph.D. in Chemistry (focus in Physical Chemistry) from University of Illinois at Chicago. Research interest: Structures Elucidation of Biomolecule via Optical Spectroscopy (IR, UV-Vis, VCD, ECD, etc.)

<b>Course Information:</b>	
<b>Course Time:</b>	TR: 8:30 to 10:00 am
<b>Classroom:</b>	Room 332
<b>Prerequisites:</b>	Placement into MATH 104 or higher and concurrent enrollment in CHEM 310L
<b>Required Books and Materials:</b>	Required daily: 1) You will need any current copy of the periodic table to bring with you to class daily 2) You will need a scientific calculator. The calculator on your phone does not count. The calculator does not to be expensive. For example, a Texas Instrument TI-30X II will suffice (\$10) Book: Organic Chemistry: By David Klein 3 <sup>th</sup> edition, Wiley

**Learning Outcomes/ Competencies:**

Students in this course will:

- Theories of structure and bonding in organic compound including Lewis structure, resonance, valence bond theory/hybridization, and molecular orbital theory.
- Acid-Base reactions of organic compounds
- Stereochemistry, isomerism and conformational analysis.
- Nucleophilic substitution and elimination reactions
- Chemistry of alkenes and alkynes
- Alcohols and Phenols
- Ethers and Epoxides
- IR, MS, and NMR spectroscopy
- Conjugated Compound
- Aldehydes, Ketones, and Carboxylic Acid compounds
- Familiarity with IUPAC nomenclature

This course meets the following learning objectives for the Biomedical Science program:

- Scientific Knowledge and Critical Thinking:
  - Students will demonstrate substantial and up to date core knowledge of broad areas in basic biomedical science
  - Students will demonstrate the ability to accurately and critically evaluate their own scientific work and work of others.
- Research Skills and Problem Solving Ability:
  - Students will demonstrate advanced understanding of a range of technical and conceptual approaches used in biomedical research.
  - Students can design, carry out, and interpret research projects that generate new knowledge that advances the biomedical science and human health.
- Specific Expertise:
  - Students can articulate the significance of their own work to their chosen research area in both historical and forward-looking contexts.
  - Students will demonstrate mastery of a range of technical and conceptual approaches used in their selected research area.
- Communication:
  - Students will demonstrate the oral, written and media communication skills required to be effective communicants, teachers and mentors of peers, future scientist and scientifically literate citizens.
- Ethics and Advocacy:
  - Students will apply highest standards of ethics to their research (data managements, research subjects, stewardship of research funds)
  - Students will improve their confidence and interactions with colleagues and the public.
  - Students will be able to advocate for the role of science in medicine and society.

**Course Description:** A 3-credit hour course implementing the structure and function of organic molecules, acids and base, functional groups, thermodynamics and kinetic of organic reactions, alkanes, stereochemistry, alkyl halides, and nucleophilic substitution, elimination reactions, alkenes, and alkynes.

<b>Learning Strategies:</b> Active learning, Blackboard, group discussions, team projects, collaborative learning, interactive lecturing, laboratory exercises, demonstration.		
<b>Experiential Learning Opportunities:</b> In class discussion, comprehension and critical thinking along with laboratory experience is essential for a fundamental understanding of the scientific methods. This course has required laboratory portion that provides students with experiential learning through experimental design, hypothesis development, data interpretation, and communication of results through laboratory reports. Alongside the weekly lab reports, the students will prepare a final poster at the end of the semester to be presented and submitted to a local conference.		
<b>Assessments:</b>		
<b>Major Assignments:</b>	Completed at the end of each chapter. Approximately 15.	25%
<b>Assessments:</b>	Quizzes: Given at the beginning of class; covers the assigned reading/previous lecture  Lecture Exam: Four 90 minutes' exam will be administered during class (total of 4)	10%  (Each 15%) Total: 60%
<b>Class Participation:</b>	Class attendance and participation	5%
<b>Total</b>	Total Percent	100%
<b>Grading Scale:</b>		
100% – 92%: A	91% – 90%: A-	
89% – 88%: B+	87% – 82%: B	81% – 80%: B-
79% – 78%: C+	77% – 72%: C	71% – 70%: C-
69% – 68%: D+	67% – 62%: D	61% – 60%: D-
59% and below:	F	

## Course Schedule:

### CHEM 311 Lecture

CHEM 311 Lecture			
Class Date	Lecture/Class Discussion/Activities	HW	Quiz
Week 1	Introduction, Chapter 7, Alkyl Halides (Nucleophilic and Elimination Reaction)	Ch. 7	Ch. 7
Week 2		Ch. 8	Ch. 8
Week 3	Chapter 8, Addition Reaction of Alkenes		
	Chapter 9, Alkynes	Ch. 9	Ch. 9
EXAM 1			
Week 4	Chapter 12, Alcohols and Phenols		
Week 5		Ch. 12	Ch. 12
Week 6		Ch. 13	Ch. 13
EXAM 2			
Week 7	Chapter 11, Synthesis		
Week 8		Ch. 11	Ch. 11
Week 9		Ch. 14	Ch. 14
	Chapter 14, IR and MS spectrometry		
EXAM 3			
Week 10	Chapter 15, NMR		
Week 11		Ch. 15	Ch. 15
Week 12		Ch. 16	Ch. 16
EXAM 4			
Week 13	Chapter 19, Aldehydes and Ketones		
Week 14		Ch. 19	Ch. 19
Week 15		Ch. 20	Ch. 20
	Chapter 20, Carboxylic Acids		
Final EXAM			
I reserve the right to change this schedule to meet the needs of the class			

I reserve the right to change this schedule to meet the needs of the class.

## Responsibilities

Responsibilities	
<b>Attending Class</b>	<p>You cannot succeed in this class if you do not attend. We believe that intellectual growth and success in higher education occur through interaction in the classroom and laboratories. Being absent doesn't excuse you from doing class work; you have <b>more</b> responsibilities to keep up and meet the objectives of this course.</p> <p><b>Attendance</b> Attendance is counted as being present from the first 10 minutes of class until the end of lecture/lab. Anyone missing after the first 10 minutes of class will be marked late. If you are still missing after the first 15 minutes of class, you will be marked absent unless a written excuse is</p>

provided within 24 hours of the occurrence. Similarly, anyone leaving early without a written excuse will be counted as absent.

#### **General Absences**

**You are responsible for all material presented in class and all in-class announcements and assignments.** If for whatever reason you have to miss class, please approach your fellow students for the notes you missed, and take advantage of the class materials that will be posted on Blackboard <http://class.ccsj.edu>

ALL planned and unplanned absences must be communicated to your instructor via email (Subject: Last name, First name, "CHEM 310 Lecture Absent", Date) with a brief explanation.

Intellectual growth and success in college is reinforced through interaction in the classroom. Students reach personal goals and course outcomes through regular and prompt attendance. Therefore, three (3) unexcused absences will result in an administrative withdrawal from the course. Furthermore, excessive tardiness (every 2 late arrivals) will result in 1 absence. The student may be subjected to a grade of F or FW per the policy stated under the Withdrawal from Classes section on this syllabus.

#### **Absence due to college events**

We do not want to penalize students for participating in college-sponsored events. When you miss class because of a college event, you must give notice of your absence 24 hours in advance according to the communication guidelines above, and you are responsible for all missed work. Being absent doesn't excuse you from doing class work; you have more responsibilities to keep up and meet the objectives of this course.

#### **Exams**

- • If you are late for an exam, you must arrive before the first person leaves the room, otherwise you will not be allowed to take the exam and you will receive a 0.
- • Cell phones are expressly prohibited during exams.
- • All students are required to take the final exam.
- • The final exam schedule is TBA.

Items which students may not have near them during the exams include:

- • Coats, jackets, hats, or other items of outerwear
- • Backpacks, pencil cases, purses, or other bags
- • Cell phones or other electronic devices
- • Graphing calculators
- • Covers for non-graphing calculators

If you are not sure whether an item is permitted, please ask the instructor before the exam. No talking during exams. Items you are not permitted to have during exams should be placed at the designated area prior to the exam. Neither the instructor nor the department is responsible for any loss or theft of personal items. The instructor retains the right to issue an exam grade of zero to any student found to be in violation of one or more exam rules.

**NO MAKE-UPS.** Make-up exams will not be given except upon the discretion of the instructor. Athletic competition that interferes with exams will require documentation to be presented to the instructor by the end of the first week of classes. Extension requests for extenuating circumstances can be submitted via email to the instructor. In the event the instructor approves the extension; a make-up exam will be scheduled within 2 days of the original exam date.

If you require special accommodations for taking exams, please submit to the instructor the appropriate documentation from the Office of Disability, within the first week of the course to address your needs. Graded exams will not be distributed during lecture time. In order to obtain a copy of your exam, please stop during the instructors' office hours. You are free to go over the exams with the instructor in detail. Please see the note in the "Grading Scale". Final exams will not be returned to the students. You are free to come by and look at your exam, but the exam will not leave the instructors office.

<p><b>Turning In Your Work</b></p>	<p>You cannot succeed in this class if you do not turn in all your work when due. <b>Homework will not be accepted after the due date.</b> Extension requests for extenuating circumstances can be submitted via email to the instructor. Decisions on make-up work are left to the discretion of the instructor.</p>
<p><b>Meeting Standards for Classroom Behavior</b></p>	<ul style="list-style-type: none"> <li>• <b>Use all the class time.</b> Come to class on time and stay in class until the end. Coming late, leaving early, and getting up during class disrupts the class and disrespects others.</li> <li>• <b>Come prepared.</b> Bring your texts, be prepared to take notes, and be able to demonstrate that you have completed the assignments for the day through your participation in class.</li> <li>• <b>Respect others.</b> Listen when your classmates and the instructor are speaking. Think about their contributions. Respond appropriately.</li> <li>• <b>Use electronic devices only for class purposes.</b> Engage with your classmates and the instructor without technological distractions.</li> </ul> <p><i>Electronic devices</i> can only be used in class for course-related purposes. If you text or access the Internet for other purposes, you may be asked to leave, in which case you will be marked absent.</p> <p>No social media chatting/texting will be allowed to be used during lecture or lab times unless otherwise directed by the instructor. No videotaping or recording of lecture without discretion of the instructor. The instructor reserves the right to ask you to leave the room if you interrupt the class.</p> <p>The science faculty will address electronic device uses as follows:</p> <p>Occurrence</p> <p>1<sup>st</sup> – Students is given a verbal warning  2<sup>nd</sup> – Students is instructed to leave the classroom  The student cannot return to class until they have met with the professor.</p> <p>3<sup>rd</sup> – Student is instructed to leave the classroom  The student cannot return to class until they have met with V.P. of Academic Affairs.</p>
<p><b>CCSJ Student Honor Code</b></p>	<p>This course asks students to reaffirm the CCSJ Student Honor Code:</p> <p>I, as a student member of the Calumet College academic community, in accordance with the college's mission and in a spirit of mutual respect, pledge to:</p> <ul style="list-style-type: none"> <li>• Continuously embrace <b>honesty and curiosity</b> in the pursuit of my educational goals;</li> <li>• Avoid all behaviors that could impede or distract from the academic progress of myself or other members of my <b>community</b>;</li> <li>• Do my own work with <b>integrity</b> at all times, in accordance with syllabi, and without giving or receiving inappropriate aid;</li> <li>• Do my utmost to act with commitment, inside and outside of class, to the goals and <b>mission</b> of Calumet College of St. Joseph.</li> </ul>

<b>Doing Your Own Work</b>	<p>If you turn in work that is not your own, you will be subject to judicial review by the Faculty-Student Grievance Committee. These procedures can be found in the Student Planner. The maximum penalty for any form of academic dishonesty is dismissal from the College.</p> <p>Using standard citation guidelines to document sources avoids plagiarism. You'll find guides to the major citation methods at the CCSJ Specker Library Web page at <a href="http://www.ccsj.edu/library/subjectsplus/subjects/guide.php?subject=cite">http://www.ccsj.edu/library/subjectsplus/subjects/guide.php?subject=cite</a></p> <p><b>PLEASE NOTE:</b> All papers may be electronically checked for plagiarism.</p>
<b>Sharing Your Class Experience</b>	<p>Your voice matters! At the end of the term, you will have the opportunity to evaluate your classroom experience. These confidential surveys are essential to our ongoing efforts to ensure that you have a great experience that leaves you well prepared for your future. Take the time to complete your course evaluations – we value your feedback!</p>
<b>Withdrawing from Class</b>	<p>After the last day established for class changes has passed (see the College calendar in the CCSJ Course Catalog), you may withdraw from a course by following the policy outlined in the Course Catalog.</p>

<b>Resources</b>	
<b>CCSJ Book Rental Program</b>	<p>The CCSJ Book Program ensures that everyone has the right course materials on the first day of class to be successful. You pay a book rental fee each semester, and in return, receive all the materials for all your classes prior to the beginning of classes. At the end of the semester, simply return the books. For traditional students, the Book Rental Program is conveniently located in the library, where students can pick up and return their books. For students in accelerated programs and graduate programs, books will be delivered to their homes and they can return them by mail. For more information, see <a href="http://www.ccsj.edu/bookstore">http://www.ccsj.edu/bookstore</a>. <b>All books must be returned at the end of the semester or you will incur additional fees, which will be charged to your student account.</b></p>
<b>Student Success Center</b>	<p>The Student Success Center provides faculty tutors at all levels to help you master specific subjects and develop effective learning skills. It is open to all students at no charge. You can contact the Student Success Center at 219 473-4287 or stop by the Library.</p>
<b>Disability Services</b>	<p>Disability Services strives to meet the needs of all students by providing academic services in accordance with Americans with Disabilities Act (ADA) guidelines. If you believe that you need a “reasonable accommodation” because of a disability, contact the Disability Services Coordinator at 219-473-4349.</p>
<b>Student Assistance Program</b>	<p>Through a partnership with <b>Crown Counseling</b>, Calumet College of St. Joseph provides a free Student Assistance Program (SAP) to current students. The SAP is a confidential counseling service provided to students for personal and school concerns which may be interfering with academic performance and/or quality of life. The SAP counselor is available on campus once a week and off-site at the Crown Counseling offices in Crown Point or Hammond. For more information, <b>contact Kerry Knowles SAP Counselor</b>, at 219-663-6353 (office), 219-413-3702 (cell), or <a href="mailto:kerryk@crowncounseling.org">kerryk@crowncounseling.org</a>.</p>
<b>CCSJ Alerts</b>	<p>Calumet College of St. Joseph’s emergency communications system will tell you about emergencies, weather-related closings, or other incidents via text,</p>

	email, or voice messages. Please sign up for this important service annually on the College's website at: <a href="http://www.ccsj.edu/alerts/index.html">http://www.ccsj.edu/alerts/index.html</a> .
